02 HAYLOFT

01 WHERE WE STARTED

What you just walked through.

01 Pool Party: a backyard hang in a store.

A playful East Austin shop: a hero that wobbles like jello, bright packs, flavour scales on every product, a journal and a gift guide. Your Glacial Mint Olive Oil already sits on its shelf, up above. Click around; the cart works.

02 Hayloft: a family farm, bottled.

A quiet Kentucky farm shop: barn photography, its own labels on every bottle and pouch, collections, filters and search. Your own line, "Full spectrum CBD Oil grown with care under the Colorado sun", reads right at home in it. The cart works here too.

03 Yours, on your real products.

Pick the feel. We build your store in it with all 6 of your products, your Shopify checkout and your lab results page, and you see every page before it goes live.

02 WHAT YOU GET

Pay for the website. Get the whole launch.

01	The website A new theme for your Shopify store: homepage, shop and collection pages, product pages and cart, in the look you pick from the two you've just walked through, on your real products, flavours and strengths. Live on your domain within a week of saying go.	\$2,500
02	A launch promo A short animated video made from your own photos and words, sized for Instagram, Facebook and anywhere else you post.	\$140
03	A launch email Designed and written for your customer list, so the people who already order from you hear about the new site from you.	\$350
04	A launch ad set Twelve launch graphics for your own channels (email, socials, site banners), each sized for feeds and stories, with moving versions of the best four.	\$350
05	A phone receptionist, first month From Whoever, our sister company: a voice assistant that answers a store phone line for you, so customers who'd rather call still get an answer, and every call becomes a short written record you can read after.	\$105
06	30 days of changes Text or email us what to change. It's live the next business day.	\$35

PLUS, WHEN YOU SAY GO BEFORE 21 NOVEMBER 2026

BONUS	Launch email setup We set up the launch email in your store and line it up for your customer list, ready to go out on launch day.	\$180

06 QUESTIONS

The usual questions.

01 Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02 Is it secure?

Yes. It's built lean, with no page builder or extra apps, and tested on an unpublished copy before anything goes live. Your checkout and payments stay exactly as they are.

03 Who owns it?

You do. The theme and every file sit in your Shopify store, in your name. Your domain and checkout stay with you; nothing of ours renews unless you ask.

04 How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free, then unlimited changes are \$35 a month if you want them, cancel anytime.

05 When do I pay?

Half (\$1,250) when you say go, the rest (\$1,250) when the site is live. You've seen the homepage before paying anything.

06 What if my lineup changes with the new hemp rules?

Then the site changes with it. Products and pages are easy to swap, and if your lineup changes before or after launch, I'll redo the shop pages as part of the build.

07 NEXT STEP
